It is strongly recommended that students make every effort to complete the reading assignments prior to each class. All students are required to write 2 practice exams available at dispatch. Once an average score of at least 80% has been attained, a letter of recommend will be issued in order to challenge the Transport Canada exam.

Your feedback aids a great deal in the ongoing development of our ground school. Please complete the ground school critique at the end of each class and submit it at the end of the course.

THANK YOU
